

FORM CRS- A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH WMKI GROUP, LLC  
NOVEMBER 14, 2025

## ITEM 1 – INTRODUCTION

WMKI Group, LLC (“WMK” or “Firm”) is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing.

## ITEM 2 - RELATIONSHIPS AND SERVICES

### WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

WMK offers investment advisory services to retail investors on a discretionary and non-discretionary basis. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. If a non-discretionary relationship is in place, calls will be placed to the client presenting the recommendations made including a rebalancing recommendation and only upon your authorization will any action be taken on your behalf. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities by notifying us in writing. Our Firm monitors your investment advisory accounts, and specific investments within your accounts, on an ongoing basis to align with your investment goals. This service is included as part of the Firm’s standard advisory services. Our firm requires a minimum annual advisory fee of \$1,000 in order to initiate the advisory and asset management services. This minimum may be waived upon the firm’s discretion. In addition, our Firm provides general investment recommendations and consulting, on a limited basis to our clients. In a consulting engagement, you will be required to select your own investment managers, custodian, and/or insurance companies for the implementation of consulting recommendations.

### QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- ☒ Given my financial situation, should I choose an investment advisory service? Why or why not?
- ☒ How will you choose investments to recommend to me?
- ☒ What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

## ITEM 3 - FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

### WHAT FEES WILL I PAY?

Our Firm receives a fee as compensation for providing investment advisory services on your account. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based upon a percentage of assets under management. Our maximum annual investment advisory fee is 1.50%, billed monthly in arrears. The fee calculation is based on the custodian’s reported average daily account balance for the month. You pay the investment management fee even if we don’t buy or sell investments during the billing period. The more assets in your advisory account, the more you will pay in fees, and therefore, the Firm has an incentive to encourage you to increase the asset value in your account. Advisory fees are negotiable. WMK can provide consulting services for clients who need advice on a limited scope of work. WMK will negotiate consulting fees with you. Fees may vary based on the extent and complexity of the consulting project. Fees will be billed as services are rendered. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

### QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- ☒ Help me understand how these fees and costs might affect my investments.
- ☒ If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?  
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. 1) Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Asset-based fee compensation also poses a conflict when: a) Advising you to rollover a 401(k) balance, when equivalent and less costly options are available if funds are left with the employer's fund manager. b) Advising you not to pay off a mortgage (thus diminishing assets), even when the mortgage carries a high interest rate. c) Advising against making a large charitable contribution to get a tax deduction (but decrease assets under management). 2) Some of the products, services and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and therefore may not directly benefit only your advisory account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional or refer to our ADV Part 2A Brochure.*

While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you.
